SA'DA HOLDINGS

From Science to Transformations.

CLEAR VISION. STRONG VALUES. REAL EXECUTION.

About SA'DA HOLDINGS

SA'DA HOLDINGS is a Saudi business group built on real execution, practical experience, and a strong value system. We operate a diverse portfolio of companies across water treatment, scientific supplies, IT infrastructure, branding, event mobilization, industrial trading, and lifestyle.

"Practical experience, market understanding, and direct execution — from product development to project delivery, from customer service to long-term partnerships."

Operating across all provinces of Saudi Arabia, with offices in Al Khobar, Riyadh, and Jeddah.

Our Purpose

Our vision is clear as water: build businesses with high values and serve the people right.

We are driven by a single, unified purpose — to create companies that deliver real value, support Saudi Arabia's growth, and build lasting trust with every stakeholder we serve.

Our Companies

01 · SA'DA Water — Flagship

Why SA'DA

Clear Vision. We know where we're going, and every company we build serves that direction.

Strong Values. We operate with integrity, trust, and long-term thinking — not short-term wins.

Real Execution. We build businesses that work, deliver, and sustain — not ideas on paper.

Market Understanding. Every venture is grounded in real Saudi market needs and proven demand.

Direct Ownership. We own what we build, stand behind what we deliver, and stay accountable.

Leadership

At the heart of SA'DA HOLDINGS is a leadership team that believes in building businesses the right way — through practical experience, market understanding, and direct execution, from product development to project delivery, from customer service to long-term partnerships.

"Our vision is clear as water: build businesses with high values and serve the people right."
